

## ML Website

The "Words in the Mind, Words in the Brain" Project is a scientific collaboration of 42 psychologists, linguists, and neurolinguists heading laboratories in 20 different countries.

The project is funded by a Major Collaborative Research Initiative Grant from the Social Sciences and Humanities Research Council of Canada.

Please see [www.mental.lexicon.ling.ualberta.ca](http://www.mental.lexicon.ling.ualberta.ca) for details!
